Projects

02/2022 – present	<p>Delineation, <i>A Decentralized Web 3.0 Application</i> 🔗</p> <p>Delineation.club, is a state of the art metaverse, in the making where each character is an NFT, a digital world with a little back story. A virtual simulation where every NFT holder can play as their character. Delineation.club is a decentralised online browser game paired with metamask, on ETH block-chain.</p> <p>The Project is a sum of all my skills and learnings, created with React js in the frontend and Ethers js + Solidity (Smart Contract) for the backend. The project is hosted at delineation.club.</p>
